REDEVELOPMENT PROJECT

Construction of our new buildings is continuing with the most of the structure all complete now on both the gymnasium and classroom block. Things are moving fast with the gym, with windows and wall linings being installed. Construction is on time and we are hoping to have use of the gymnasium in Term 4.

Upcoming work:

- Cladding for the Gymnasium
- Interior linings and final fitout for the gym
- Framing for top floor of classroom block
- Exterior brickwork for classroom block

We are holding a second open day on Saturday 14 August for the community to come and have a close up look at the construction progress. We look forward to meeting with you and showing you around!

Development Partners:

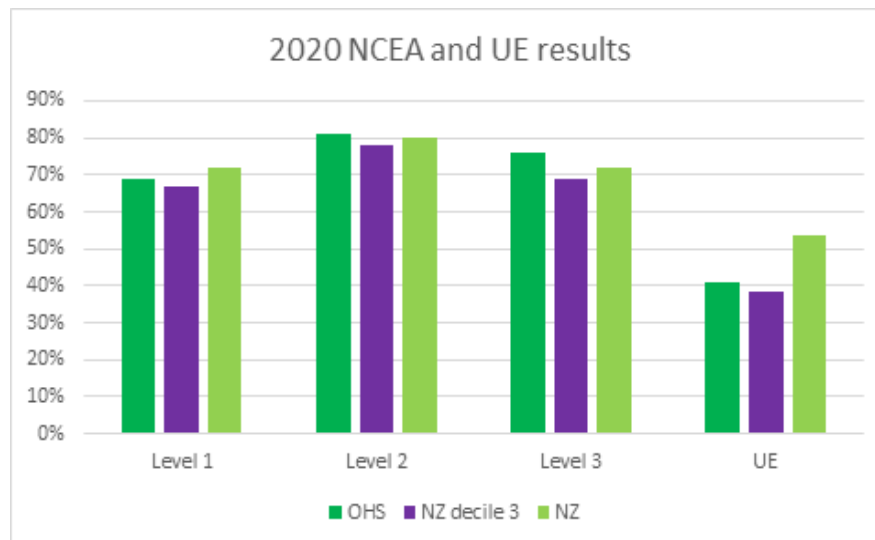

FROM THE PRINCIPAL

Tēnā koutou katoa

There have been so many highlights over the past term, with students demonstrating their unique gifts across a wide range of endeavours. Our students and staff have continued to manage well on our restricted site, as work progresses with the building of our new facilities. Each day brings new development in both blocks; it is so exciting! I love driving on the Queenstown Road motorway off ramp now, the view of our build is inspiring.

STUDENT ACHIEVEMENT

- Polyfest 2021 involved approximately 180 of our students and was hugely successful, thanks to so many people – students, staff, former students, parents and families.
Fiafia evenings were wonderful community celebrations, held at Royal Oak Intermediate and Onehunga High School.
Polyfest saw outstanding performances from our Maori, Chinese, Cook Island, Indian, Niuean, Samoan and Tongan groups, as well as students in the Cook Island, Samoan and Tongan speech competitions.
Our Tongan group placed 1st and Niuean group 1st and 3rd for their group performances in selected categories. Danica Kopelani 9Cs placed 2nd in the Samoan Speech Competition and Sione Havili 12So placed 2nd in the Tongan Speech Competition.
- Services Academy Director Vijay Lal and Level 3 Services students represented Onehunga High School at the ANZAC ceremony in Māngere this year.
- Confirmed 2020 NCEA and UE results are summarised in the table below. We aim for all students to achieve their potential, and will continue to do so. Given the challenging year that 2020 was, these results reflect well - on everyone involved, most importantly on the students themselves!

- Our leavers' achievement data has recently been confirmed also. In 2020:
93% of students who left Onehunga High School had at least NCEA Level 1
87% of students who left Onehunga High School had at least NCEA Level 2
67% of students who left Onehunga High School had at least NCEA Level 3
34% of students who left Onehunga High School had UE
- At our annual Scholarship assembly, the top academic achievers for 2020 were recognised:
 - Holly Hu is the 2020 Dux Litterarum
 - Ali Lovatt is the 2020 Proxime Accessit
 - Paige Campbell is the top 2020 Year 12 academic achiever
 - Sophie Roberts is the top 2020 Year 11 academic achiever
- Onehunga High School 2020 Scholarships were awarded to:

NCEA Level 1:	NCEA Level 2:	NCEA Level 3:
Susannah Belton	Paige Campbell	Charles Amores
Olivia Bush	Vanessa Ly	Sophie-Lee Bosson
Dana Gasic		Holly Hu
Tamsyn Laird		Ali Lovatt
Camryn Lowe		Josh Saldua
Sophie Roberts		Reuben Smith
Jasmine Son		Lee Wong

FROM THE PRINCIPAL

16 Onehunga High School scholarships in total is exactly the same number as the last two years, with 7 Level 3 scholarships being our most ever at that level, which is very promising.

- Snow Ba 9Fa, Nafisa Bulale 9Gi, Dana Faisel 9Gd, Faith Fineanganofa 13Lu and Maia Potini-Bowen 13Md all pitched a 60 second Tiny Talk before being hosted at TEDxAuckland.
- Our Kapa Haka group wowed everyone with their performance at the official House Blessing Ceremony at Ara Auckland Airport Jobs and Skills Hub
- Our Careers department worked with the Drive team at the Chamber to support 59 students who have now achieved their Learner Driver Licence.
- Daisy Fuavao 13Lu and Gabriella Manu 13Tn both received scholarships to attend the NZ Model UN conference in Wellington - unfortunately this was cancelled due to the Wellington region being in COVID Alert Level 2, but the girls' achievement stands.
- Level 2/3 Catering students hosted our annual cocktail evening; they set up the venue, and planned, prepared and served delicious food. The evening was a convivial way to acknowledge the contribution of so many members of our wider community to the success of Onehunga High School, as well as to launch our request for people to consider contributing further to our redevelopment.
- On Friday 2 July, Matariki rose with Tama-nui-te-rā and in the lunar phase of Tangaroa, signalling Te Mātahi o te tau - the Māori new year. Thank you to Whaea Phinia Evans and whanau, our Te Reo Māori students and the many other contributors who supported our celebration of the beginning of Matariki with a beautiful hāngi.

FORMER STUDENT ACHIEVEMENT

- The Leukaemia Foundation's Lifeblood magazine, <https://www.leukaemia.org.nz/content/uploads/2021/03/LBCNZ-Lifeblood56-March2021.pdf> includes excellent advice from registered dietician Melody (neé Forrest).
- Sa'uma Walpole was placed 2nd in the Auckland region in the 2021 NZ Certified Builders' Apprentice Challenge. Ma is now a 3rd year apprentice and was up against tough competition, including others who are close to completing their apprenticeship.
- Carlos Hotene is involved in the Kai Ika Project, which utilises fish heads, frames and offal which were previously going to waste. Fish parts are collected from the Outboard Boating Club of Auckland by Papatūānuku Kōkiri Marae whanau and redistributed to families and community groups in South Auckland who value and enjoy these. The Outboard Boating Club of Auckland, Papatūānuku Kōkiri Marae, Westhaven Marina, LegaSea and the NZ Sport Fishing Council are collaborating on this project <https://kaiika.co.nz/>.
- Andrew Grant is a Distinguished Alumnus of Onehunga High School and the University of Auckland. His interview about the latter is at <https://www.auckland.ac.nz/en/alumni/whats-happening/alumni-video-and-audio/taumata-2021--video/taumata-2021---andrew-grant-video.html>

OPEN DAYS

We are hosting two Open Days this year, to take advantage of opportunities provided by Chris Bourke, the site manager for our build, and the construction team. Visitors are able to walk on a pathway through the building site, between 10am and 12 noon on Saturday 22 May and Saturday 14 August. We invite students, families, staff and neighbours, together with prospective students and their families to join us for the second of these days, on 14 August. The first day was most enjoyable - thank you to Chris and the construction team for supporting this.

ZONING

The Ministry of Education is proposing a new enrolment scheme for Sir Douglas Bader Intermediate and to amend the Royal Oak Intermediate home zone so that the southern portion of the home zone is reduced to align with the boundary of Onehunga High School.

ENROLMENTS

Students who live in the Onehunga High School zone are welcome to enrol at any time. In order to ensure that we have capacity to best serve all students' needs, the board of trustees confirms that for 2022, we will ballot to offer out-of-zone places for:

- 70 Year 9 students
- 5 students at each of Years 10, 11, 12 and 13.

Please refer to the enrolment page on our website <https://www.onehungahigh.school.nz/> for further information.

KA ORA, KA AKO HEALTHY LUNCHES IN SCHOOLS

For the remainder of 2021, Subway and Pita Pit will continue to provide all students with fresh, tasty lunches. We are very grateful to the Ministry of Education, students, whānau, staff and Board of Trustees for ongoing support, to ensure the success of this excellent initiative.

FROM THE PRINCIPAL

ARA EDUCATION TRUST

The latest projects through Ara are:

- ARA Cadets 2021 is a support programme for female Pacific students who completed Year 13 in 2020. The purpose of this cadetship programme is to support interested young women through tertiary, apprenticeships and into successful permanent employment.
- the refurbishment of a house, with students from several local schools.

TE ITI KAHURANGI KĀHUI AKO

The website for Te Iti Kahurangi Kāhui Ako is being developed, check out progress at <https://www.teitikahurangi.com/>.

PROFESSIONAL LEARNING

We are fortunate to continue working with Anton Blank. Anton led professional learning across our Kāhui Ako in 2019. He is continuing to work with several of our schools, including the students and staff of Onehunga High School, with the aim that we can all recognise our implicit/unconscious biases and are able to be mindful of these.

NCEA CHANGE PROGRAMME

Feedback is sought on the proposed NCEA subjects derived from The New Zealand Curriculum (at Levels 2 and 3) and Te Marautanga o Aotearoa (across all levels), until 11 August.

The proposals include new mātauranga Māori subjects in The New Zealand Curriculum and in Te Marautanga o Aotearoa to reflect Mana ōrite mō te mātauranga Māori (parity for Māori knowledge). The proposals also support opportunities for greater specialisation at Levels 2 and 3.

The list of proposed subjects, resource materials and the survey are available at <https://ncea.education.govt.nz/have-your-say>. We encourage everyone in our community to go online and participate in these important proposals.

DISTINGUISHED ALUMNI

This year we are delighted to honour three inductees. We were not able to do this in 2020, and will ensure that Dr Maree Weston, Judge Dianne Partridge and Dr Steve Unwin are celebrated in style in 2021.

ACKNOWLEDGEMENTS

Our longest serving staff member, Christine Downs, is retiring after 34 years at Onehunga High School. Christine teaches Accounting and Business, and is the NZQA Principal's Nominee.

Siow-Hian Eng, who has taught Physics at Onehunga High School for the past 12 years, is also leaving at the end of this term.

We thank and farewell Christine and Eng for their invaluable contribution to our students and our school, and wish them both happiness and fulfilment in the next phase of their life journeys.

We wish everyone a safe and enjoyable Term Two break, and look forward to seeing all students at the beginning of Term Three on Monday 26 July.

He waka eke noa. Kia kaha koutou.

Deidre Shea
Principal

SUPPORTING THE REDEVELOPMENT

As we have been planning our new buildings, there are several special items that we would like to include in the redevelopment that fall outside of the normal Ministry of Education or school funding streams. These items will support making the redevelopment and facilities the highest quality possible for students and staff to learn in.

We would like to acknowledge those people who have generously donated towards the funding of these items.

If you would like more information about supporting the redevelopment project it can be found at the following link.

The 2021 Polyfest event was held in the last week of term 1. After disruptions to the previous two events it was great to have seven OHS groups, with approximately 180 students representing the school and performing with pride at the Manukau Sports Centre. The following were the groups who performed:

Māori, Samoan, Tongan, Niuean, Cook Island, Chinese and Indian

All the groups were a credit to themselves and the staff and tutors who put in hours of work in preparation for the event. On top of Polyfest itself, successful fiafia/fiefie evenings were held at Royal Oak Intermediate and Onehunga High School where large numbers of family members and fellow students attended in order to support the groups.

Significant results from the different stages are listed below:

Tongan Stage:

Mako - 1st

Speech Competition - Sione Havili 2nd

Niuean stage:

Takolo (war dance) - 1st

Entry - 3rd

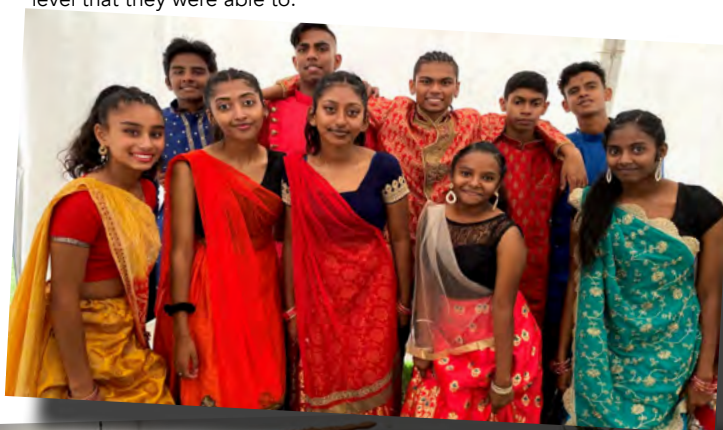

Male Leader - Benji Sanisitou 3rd

Samoan Stage::

Y9 Speech Competition -Danica Kopelani 2nd

The school would like to extend our gratitude for the support and commitment of the tutors and teacher-in-charge of the groups. Their dedication to the students enabled the groups to prepare and perform to the high level that they were able to.

POLYFEST 2021

OHS SCHOLARSHIP AWARDS

It was a privilege to be able to celebrate the achievements of our top scholars for 2020 at the Scholarship assembly on May 11th. The assembly was attended by senior students, award winners and their whanau.

Principal Deidre Shea, welcomed everyone and thanked them for their support of the award winners and the school. Award recipients had all achieved a grade point average of 95% or greater. Please see the Principals' Report for a list of the students who received scholarships and our Dux Litterarum and Proxime Accessit cup recipients.

ADULT EDUCATION

Term two has been one of the busiest terms we have experienced. We had a huge number of students across over 60 classes. Woodwork, Welding and Sewing are all full well in advance. Our exercise classes are proving very popular as well and we have a few new programmes starting shortly. We are currently enrolling for term three classes which commence on Tuesday 10 August. Please remember to enrol early to secure your place in class and take advantage of our online enrolment discount.

Please visit our website www.adultlearn.co.nz to view a full list of all of our classes. The website lists new classes and promotions we offer from term to term.

You can also contact us on comed@ohs.school or 6369060 to enrol over the telephone or for further information.

GATEWAY

Students have been busy this term completing, currently attending or getting prepared to start work placements over the holidays or in Term 3.

The Warehouse is a popular well organised retail programme and is now joined by a new programme with placements at Bunnings, Repco, Spotlight and Number One Shoes. Logistics and Warehousing is a great programme and has proved a success with a group of Year 13 students. It was great to have 2 students do aviation this year and to gain valuable insight into what career options are available in the industry.

JOB SEEKERS WORKSHOPS

This term, 42 of our senior students wanting to find part-time jobs attended the Job Seekers lunchtime workshops. Students learnt tips on how and where to find work, were supported to write a CV, and developed skills to confidently talk with potential employers.

Kaydence Ngutu (pictured) commented "I'm grateful to have this opportunity as I now have a proper CV and know what I could say in a job interview." Further workshops will be held each week in Term 3.

CAREERS INSIGHTS SEMINARS HELP INFORM DECISION MAKING

Term 2 has seen many of our Year 13 students attending 'Careers Insights Seminars', arranged according to students' areas of interest. A group of students looking to gain a deeper insight into what it might be like to study law and criminology were able to hear from two young lawyers from Meredith Connell about their experiences at law school and working in a law firm. Our students interested in joining the police force were able to discuss with Sergeant Deane McEntee the realities of being a police officer, while

a further seminar hosted by Paul Hunter from the New Zealand Defence Force informed and enthused students about the many career pathways in the armed forces. A very popular seminar was held for those interested in Trades careers, with information about different trade options, scholarships and financial incentives available, as well as pre-apprenticeship programmes. Seminars for other students, including those interested in social work and teaching, were also on offer, and more workshops will be held throughout Term 3.

YEAR 10'S INVESTIGATE TECH CAREERS

20 of our Year 10 students attended the Tech21 Summit at the Vodafone Events centre which showcased NZ and international tech innovation and creativity. Students were exposed to possible careers in technology, which helped them to see the application and relevance of STEAM

(Science, Technology, Engineering, Art and Mathematics) subjects. As well as hearing from inspirational speakers, they were able to participate in an interactive expo zone, where they could experience innovations first-hand and engage with employers in the tech sector.

CONNECTING SCHOOL AND THE WORLD OF WORK

Exposure to the world of work provides an important information gathering opportunity. This term, Level 2 and 3 Catering students had the opportunity to visit two of Auckland's top restaurants, Ostro and Amano, and on a guided tour got to see the many roles available in restaurants. They heard from people in a range of positions, and from staff who had started as dishwashers and 'glassies' and worked their way up to senior positions. The following week, they visited Service Foods and learnt about many more job functions, as they have an in-house butchery, fishmongers and vegetable preparation departments for example, and also support roles in fields such as sales, logistics, IT and transport. As well as the opportunity to observe workers in action during a guided tour of the facilities, they were able to interact with many employees of Service Foods, including the CEO who came in to meet with the OHS visitors and

share his experience and advice with them. Another group of students passionate about product design went out this term to investigate career and study options and were inspired by future possibilities in the field, especially when combined with a passion

for technology. Other students interested in architecture and sustainability went out to research this field - with Ma'ata Mafi commenting "I learnt so much about what is out there from visiting and it firmed up for me the direction I want to go in."

TERTIARY PROVIDER PRESENTATIONS

Year 13's considering study next year at university or polytech, were this term invited to attend interactive presentations from each of the Auckland tertiary institutions, as well as from Victoria, Waikato and Otago universities. Students were able

to learn about the unique features of each and consider which study environments might be a good fit for them. All of the providers will return again early term 3 to support students in planning their courses and answer questions around the application process and scholarships.

YEAR 12'S DEVELOP LEADERSHIP AND PATHWAY PLANNING SKILLS

10 of our Year 12 students recently represented OHS at The Pacific Island Leaders of Tomorrow programme (PILOT). Exploring the theme "Our ancestors were once PILOTS of the ocean", students were able to prepare and plan for their own journey ahead into employment or further study. Eight of our Year 12 Māori students

had the opportunity to attend the Kei a Tātou te Ihi (KATTI) leadership programme. As well as hearing from inspirational speakers and exploring tertiary study options, this day was a much enjoyed chance for whanaungatanga and building of networks.

DRIVEN TO SUCCEED!

A driver's licence is highly valued by employers. This term, thanks to a partnership between the Auckland Chamber of Commerce and the Ministry of Social Development, 59 of our students had the opportunity to participate in a fully subsidised Road Code workshop and then sit their learner licence test in at school with VTNZ. We were very proud that 100% of the students who sat the test achieved their learner licence and were able to achieve NCEA credits for these great results.

FCB NEW ZEALAND VISIT

On the 6th May FCB New Zealand came to visit Level 2 and 3 business students. FCB is an advertising agency and they wanted our views on an idea they were working on for The Lowdown, which is an organisation that supports teenagers with their mental health. It was highly enjoyable, they provided lots of food and we got to share our opinions and ideas with them.

Taimana Tahana-Pou, L2 Business Student

BUSINESS

SCIENCE

TREE PLANTING - Kāhui Ako and Enviro Club

HEALTH SCIENCE ACADEMY

Our year 13 Health Science Academy students attended a FOU regional camp on Wednesday 23rd - Friday 25th of June in Week 8 of Term 2. The camp was also attended by Health Science Academy students from Tangaroa College, De La Salle College, James Cook High School and Waitakere College. Our students learned about different career opportunities, new studying techniques to thrive in NCEA exams and the importance of Cultural Identity and Wellbeing on their journey in a career in health. A huge thanks to Dr. Jacek Krzyzosiak who helped organise the event for our school.

BUILDING AND CONSTRUCTION

It's been a busy term in the building school. The students had the opportunity to work alongside a team of Builders from Peter White Builders. This allowed us to install the roof trusses in 2 days and meant that we could get the roof on faster and keep the building dry. The roof has been fixed and fitted by 2 past building school students Vaughan and William from Cowperthwaite Roofing. The BAC students were invited to attend the Paslode nail gun training with the carpentry team working on the new gym and teaching block.

Big thank you to Textile products who donated the excellent wool based insulation and Cassidy Construction for supporting the students with their site safe training.

PRODUCT DESIGN

YEAR 9 - PRODUCT DESIGN MODULE

DRAMA

On the 1st and 2nd of July the Drama department held production evenings. To open the night Liam Ashby and Loveday Tan started by performing two scenes from the play Niu Sila written by Dave Armstrong and Oscar Kightley. After this, the level 2 and 3 drama class got up to perform a play called Second Glance. Second Glance is a one act play written by Zachary Mark in association with Off the Wall Plays. Throughout the rehearsal process the students and Miss Parsons collaborated on re-writing the script to make it more relatable and accessible for our performers and audience members. This was a great opportunity for the students to make the script their own.

Second Glance is about a young man called Sam (acted by Josh Sutton), he is a writer and has been estranged from his grandfather for most of his life as he blames his Grandpa Jimmy (acted by Campbell Briggs-Canavan) for the death of his Grandma Amelia. He uses this as the premise for his new novel; however, the publishing company won't publish his novel without the perspective of his Grandpa Jimmy. Sam must return to his hometown and confront what truthfully happened in years past.

Students enjoyed the performance process and learnt the skills associated with putting on a production, the performance was very well received by audience members. Congratulations to all of the students involved, and a big thank you to those students, staff, friends, and family members who helped to support getting this heart-warming comedy on to the stage.

TERM 2

Term 2 Sports Newsletter
Director of Sports Review

Sport is in full swing this winter with all our sports teams underway and participating across Auckland in various competitions. With our school re-build sport has been difficult to run due to facilities such as a gym and courts being unavailable, I would like to thank all our students, staff and volunteers for their understanding and resilience through this time. We are super excited to have the best facilities in Auckland in 2022 for all summer and winter sports.

This winter season we have continued to push and develop our sports as much as possible with an eye on promotion and development for a lot of our teams. Our rugby boys and football boys are in great positions to gain promotion from their respective divisions in 2021. The girls' rugby 10s are currently 2nd place and are an exciting prospect for the play-offs.

We wish all our teams the best for the remainder of the season as we move to the business end with play-offs, cross overs and finals being played in term 3.

With the J.E.T.S development program in place and expanding in 2022 with the inclusion of volleyball we are really excited to continue the progress we are making with the development of our year 9 and 10s.

This year we have 3 teams representing OHS at tournament week, good luck to you all.

- Football Boys – Whangarei, Rex Dawkins Satellite Tournament
- Football Girls – Auckland, Kathy Seaward Tournament
- Netball – Auckland, UNISS tournament

Hope you all have a good break and we look forward to finishing off the winter season in style in term 3.

Chad Coombes
Director of Sport

SPORTS DEPARTMENT

JETS 2021

JETS Golf Fundraiser Thursday 7th October – Please email Mr Coombes for further information about playing or sponsorship – ccoombes@ohs.school.nz

Team entry is \$240 for 4 players and Hole sponsor is also \$200.

https://docs.google.com/forms/d/e/1FAIpQLSdOfcEVeAEEnVsDA6LjV9xJYtIs6kP_zVvY2lmtTtUwrv--hfQ/viewform

This fundraiser is to help support our J.E.T.S - Junior Emerging Talent Squad.

This program has a clear focus on developing our year 9 and 10 athletes by giving them top coaching and athlete development so we can promote and develop within Ohehunga High School to build our sporting program.

Event Timing:	THURSDAY 7TH OCTOBER, 2021
Registration:	11.30am
Rules:	12:00pm (midday)
Tee Off Time:	12.30pm
Event Address:	Maungakiekie Golf Club, 5 Anita Ave, Mount Roskill, Auckland 10415
Contact:	Chad Coombes - 0272462448

HELP REQUIRED – Coaches and Managers

Ohehunga High School is always interested in parents and caregivers helping out with sport in all sorts of capacities. At the beginning of September, we begin trials for our summer sports for Juniors, if you are interested in coaching or managing a team please get in touch.

Chad Coombes 0272462448 or ccoombes@ohs.school.nz

NETBALL TRAINING SESSION WITH NORTHERN MYSTICS

On Monday 28 of June, Fa'amu Ioane and Filda Vui from the Northern Mystics ran a Netball Skills Clinic with our Year 9 netball team and a number of our senior netball players at Royal Oak Intermediate. They not only ran a few attack and defensive drills with the team, but they also shared a few tips needed to become an elite netballer. We wish The Northern Mystics all the best for the rest of the season!

FONO - 1st XV BLAZER PRESENTATION

SPORTS COSTS 2021:

Every student at Onehunga High School has the opportunity to get involved in one or more of the many sports offered. These include summer and winter sports, and both individual and team sports. Sport can help students develop skills such as leadership, discipline, teamwork and commitment.

Participation in each sport has a \$40 cost. The only exceptions to this are Badminton and Hockey, which are \$80 per sport due to the higher cost of entry fees.

PINK SHIRT DAY

On May 21st, students and staff participated in Pink Shirt Day, an anti-bullying campaign and fundraiser for the Mental Health Foundation. Students from the Hauora Council, Sports Council and LGBTeens raised over \$200 selling pink ribbons. Students also had the opportunity to write compliment cards to give to their friends to spread aroha.
